

Now you can get toasty heat in the bathroom without turning up the thermostat for the whole house!

Our BH Series bulb heaters offer 250W of instant warmth from R-40 infrared heat lamps. The single bulb heater is available with or without a built-in 70 CFM exhaust fan.

You'll never face cold shower tiles or bathroom floors again. Ideal for baths up to 65 sq ft.

Single Bulb Heater

Single Bulb Heater with Exhaust Fan

**GET TOASTY HEAT IN THE BATH—
INSTANTLY!**
