

Our multi-function Heat-Vent-Light Series is designed to give you multiple functions in one easy installation. Choose heat/vent/light, heat/vent, or heat/light. The patented DHVL models feature our Directional Heat Discharge™ to focus heat exactly where you want it in the bath.

PATENTED

Grille: 10 11/16" x 16 11/16"
Housing: 8" x 14" x 5 3/4"

All NuVent products are UL listed and HVI certified.

DHVL SERIES

HEAT/VENT/LIGHT COMBINATION UNITS

Directional Heat Discharge™

... focus heat exactly where you want it!

Designed for easy installation in 2" x 6" joists.

PRODUCT FEATURES

- contemporary style white polymeric grille
- pre-wired 1400W fan-forced heating element
- bright 100W incandescent bulb
- adjustable hanger bars included
- open access wiring compartment simplifies wiring
- exclusive VersaDuct™ feature allows easy conversion from standard 4" to 3" duct (order optional RD3 VersaDuct™)
- 3-function switch included with all DHVL models

All DHVL & HVL Series models use one Universal Housing™ (H2000A)

HVL SERIES

Same features as DHVL Series but without Directional Heat Discharge™
